

## FACT SHEET

### AVJennings today

AVJennings is a brand that's been around for nearly 80 years. You may know us as a home builder, because that's how we started.

Albert Victor Jennings built and sold his first home in 1932 and today AVJennings offers Australian home buyers a wide variety of choice.

For a builder and developer with as much experience as AVJennings, it's no surprise that we've developed so many popular and thriving communities.

### Pre-planned Homes & Townhouses

A number of AVJennings developments offer pre-planned homes or townhomes.

This is where we have designed and built the homes according to an integrated community plan, with most of the extras such as driveways, paths and fencing provided. They can be located within an established suburb, or as part of a larger land development.

### Land Only Options

If you want to buy land to build your home, you can do that too with AVJennings. And you don't have to build an AVJennings home if you buy land in an AVJennings estate.

In some AVJennings land estates, you'll even find display centres featuring homes from other leading builders.

### Our Home Designs

And it's no surprise that if you're looking for a home design to build as we have plenty to choose from.

There's an impressive range of single and double storey designs offering style and space for any lifestyle.

Quality inclusions and a range of facades, mean you can really make it your own. And they're on display in lots of convenient locations.

### **Apartment Living**

In Sydney, AVJennings also builds contemporary apartments in sought after suburbs.

AVJennings apartments are individually designed by architects to suit the lifestyle of people in that particular area. They're available in a variety of sizes & layouts and each offers quality features and fittings.

### **Home Improvements**

If you love where you live but want to make some improvements, AVJennings in Adelaide offers quality extensions and renovations.

When you meet with a design consultant, they'll take you through the process that will transform your home into the haven you've always dreamed about.

### **Designed to Suit Your Needs**

AVJennings has so much for today's home buyer, builder or investor, so call **131 878** to talk a consultant or take a look around our website for more information.
